Centers for Gastroenterology

Northern Colorado's Leader in Digestive Health Care for 30 Years

Welcome and thank you for choosing the **Centers for Gastroenterology** to provide your health care needs.

The physicians and staff of the **Centers for Gastroenterology** want your initial visit and ongoing relationship to progress as smoothly as possible. Be assured that if you identified a primary care or referring physician, our specialists will work closely with him/her in the diagnosis of your condition and in determining a plan of care. To that end, we request some assistance from you:

Please fill out the attached medical history form and patient information forms. You will get the most out of your visit by having your medical history completed, knowing the medications you are presently using, thinking of questions you have for the doctor, and being aware of any prescriptions refills you may need soon.

Medical records, lab reports and/or x-rays from your primary physician may be required for your visit. We will request these records for you at the time you schedule your appointment. However, if the referring office does not send the records, please be aware that your appointment may need to be rescheduled.

We do request payment for services at the time of your visit. Depending on your insurance coverage, this may be the entire fee, or it may be a visit co-payment. Our office takes payments by VISA, Master Card, Discover and American Express as well as a personal check or cash.

Please be sure to bring your insurance cards (and referral form, if your insurance company requires one) with you at the time of your visit. New identification protection regulations require photo identification on every visit: please bring a driver's license or state issued identification.

The Patient is responsible for notifying our office within two (2) business days to cancel an office appointment or within three (3) business days to cancel a scheduled procedure. A fee of $50 will be charged for office visit no shows or failure to cancel an office visit in 48 hours and a fee of $300 will be charged for no shows for scheduled procedures. Insurance will not cover these fees.

If you fail to show up on your initial office visit, a deposit of $100 will be required before you will be rescheduled for your visit. The $100 will be applied towards any balance due to the Centers for Gastroenterology. Any amount remaining after the balance due is paid will be refunded to you. If you no show again, you will not be rescheduled.

Our staff and our physicians are committed to providing you the best care and attention. We believe that a caring practice means taking time to get to know our patients and being sensitive to and aware of your needs. Please visit our website at **www.digestive-health.net** to learn more about our clinic. We sincerely look forward to meeting you.

Sincerely,
Centers for Gastroenterology
